

I had the pleasure of visiting Roatan for a week and seeing Familias Saludables clinic and Charmont Bilingual Academy. I am amazed at the incredible efforts to create miracles. From the crab races and Sweet Shack fundraisers to the dedication of teachers, volunteers and friends of the project... I am beyond grateful for all of our friends (YOU!) who are a critical part of this amazing project. I wish every single one of you the chance to see it and am hoping to share some pics and stories over the next few months so I can take you with me...

School is back in session! Teachers were busy training and getting their rooms prepped for the year. The school looks bright, cheerful and organized. The school is a renovated house and we also have Hampton Hall right next door for our seniors and to house group assemblies etc. Over the next few newsletters we will talk about some of the programs and core values at CBA. A few pics...

Class photos! Shared by our teacher Eric Sosa. Can you find your sponsored child? (Hint: Val put their names under each photo.)
