

# Hello friends!

The Morgan Jayne Children's  
Foundation

July / August news

## Science fair:

The annual science fair is a big deal to Charmont Bilingual Academy kids! They take a lot of time and pride to create their projects and special judges come in to evaluate. Congratulations to our winners and all participants for all your hard work and achievements.

## Field trip, grade 5-12!

PFFA Maria from BICA (Bay Islands Conservation Association) took our grade 5-12 kids snorkeling in the east end mangroves. Despite living on an island, many of our kids don't have many chances to go to the beach. They saw lots of marine life, including sharks, and learned the importance of protecting this environment. Thanks BICA!

## FUNDRAISERS:

We must do a lot of fundraising to support all these amazing projects. This is a fun way to get involved if you are able!

**If you are able to help with our next event,** Blues and BBQs on Sept 14, please contact us by email or on our MJCF Volunteers facebook page. If you have your ProServe please mention it.

The Morgan Jayne Children's Foundation volunteered for many special events at the Badlands Amphitheater this summer! Along with our volunteers we were running concessions, selling tickets, bartending... There was so much effort put into buying supplies, set up, running the events and cleanup. A HUGE thank you to Shelley Rymal and Paula Peake and their families. They donated many of their summer days to plan, organize and execute these days. We recognize their long days and huge efforts! We also appreciate all of our volunteers, none of these events are possible without you!

## Shout out!

CBA kids make a difference: We were proud to have six of our students in a race to support a plastic free Roatan. Go Clinton, Moisha, Jayna, Gerald, Jennifer and Gabriel!

## School projects...

Creating football court games from recycled pizza boxes!

## *School projects...*

Making a pinata for Children's Day on September 10!
